

# Cumbria Local Outbreak Control Plan

# Daily additional COVID-19 associated UK deaths by date reported

# Covid-19 Deaths per Day (Registrars' data)

# National system

An integrated and world-class Covid-19 Test and Trace service, designed to control the virus and enable people to live a safer and more normal life

Test

Rapid testing, at scale, to control the virus and identify its spread

Trace

Integrated tracing to identify, alert and support those who need to self isolate

Contain

Using data to target approaches to flare ups, at a local and national level

Enable

Improving knowledge of the virus to inform decisions on social and economic restrictions

Continuous data capture and information loop at each stage that flows through Joint Biosecurity Centre to recommend actions

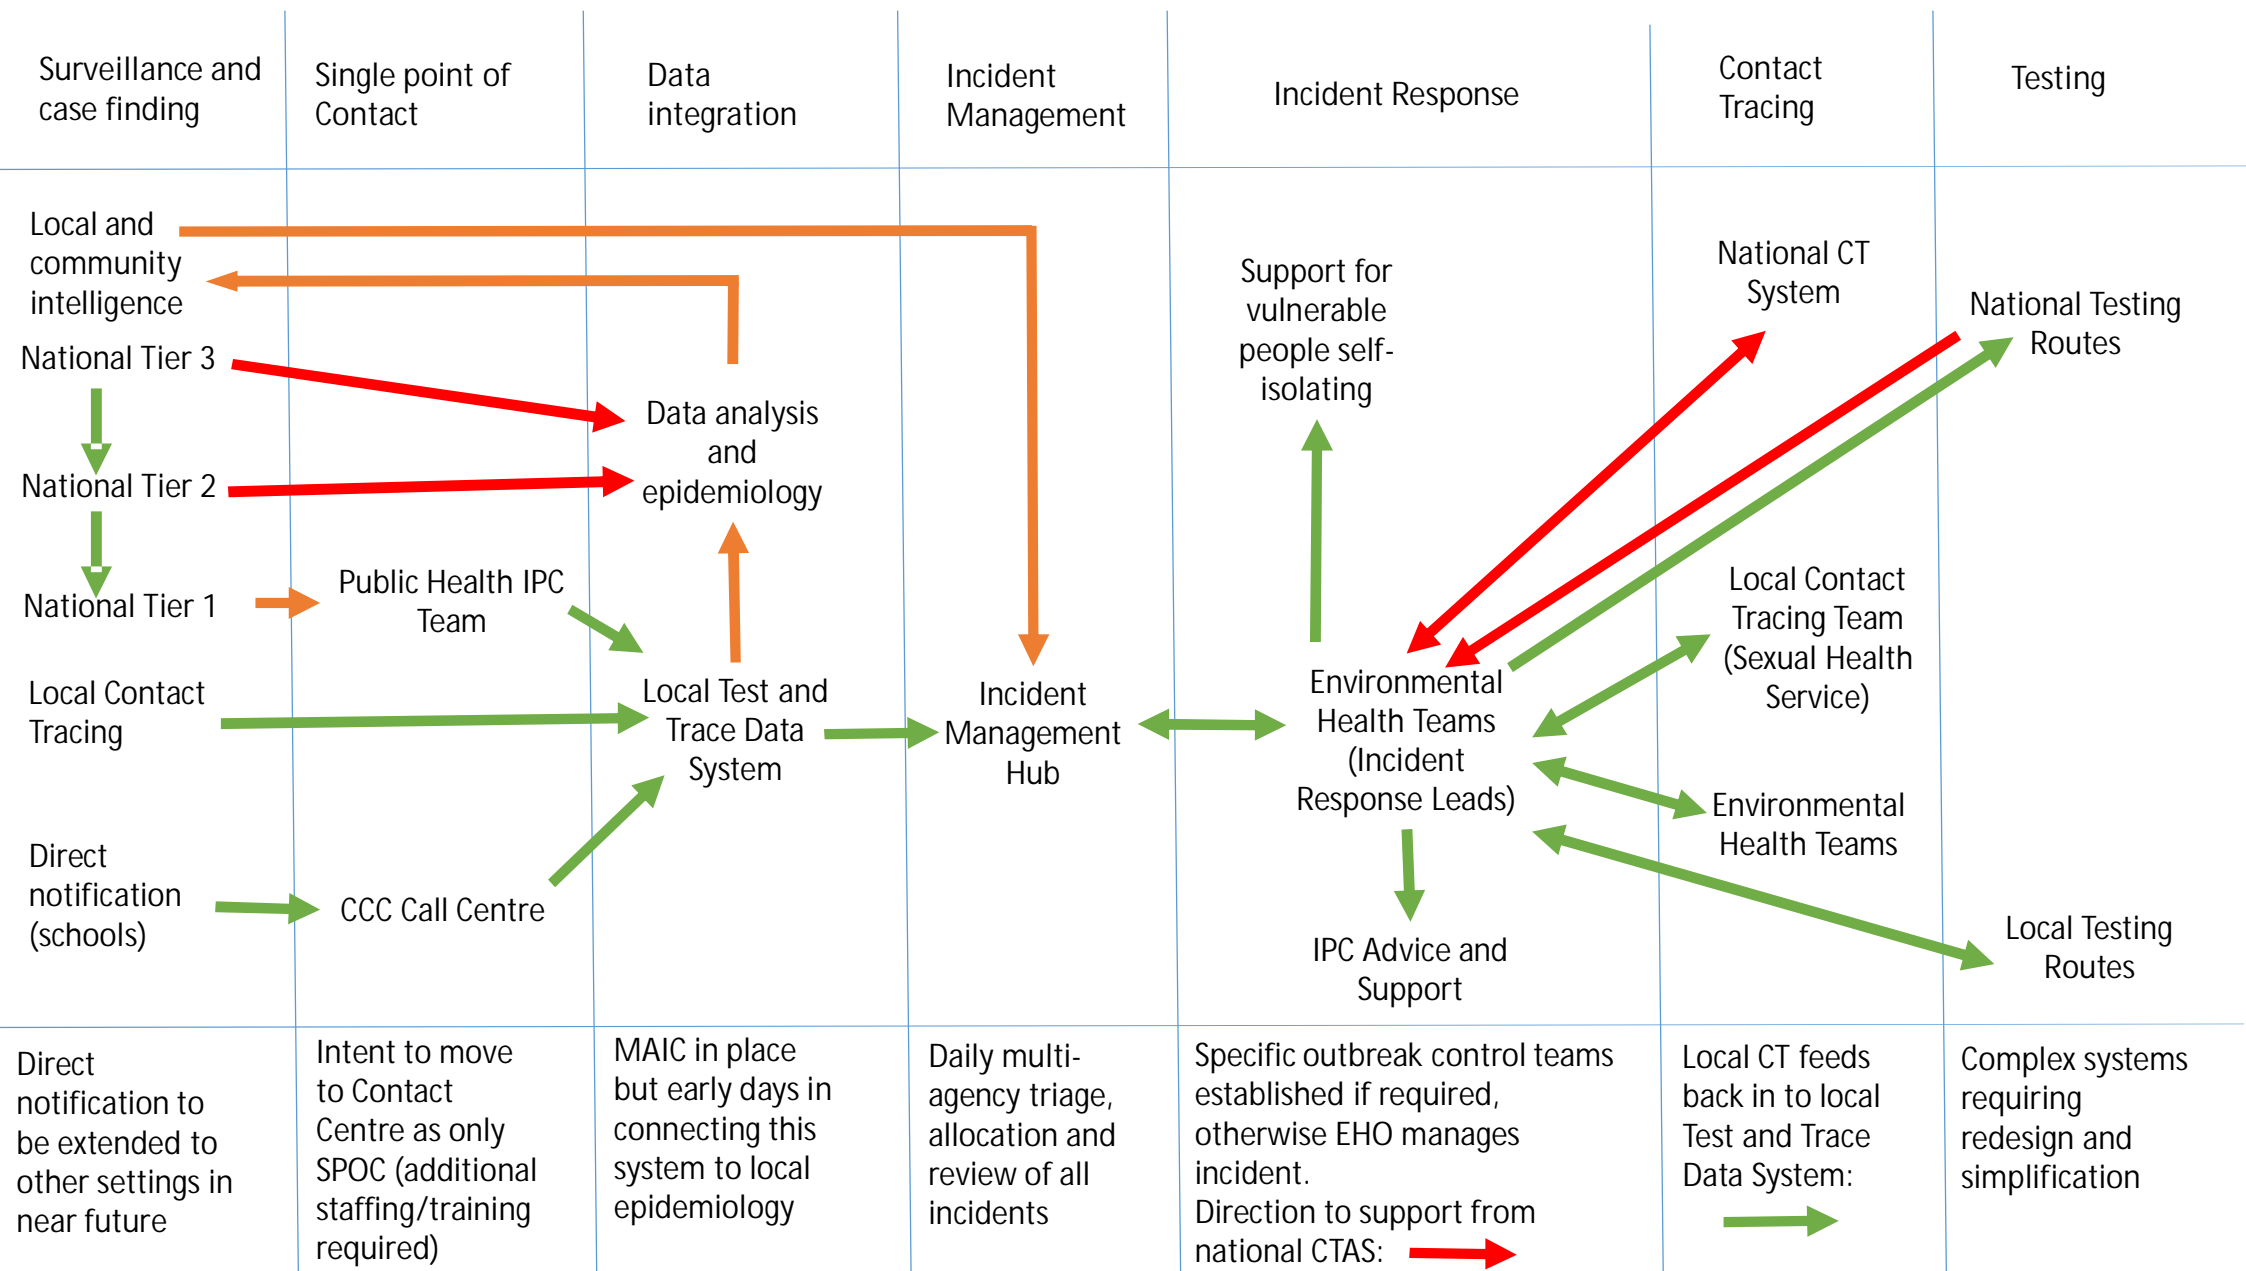

Underpinned by a huge public engagement exercise to build trust and participation

# Local Outbreak Control Plans will centre on 7 themes

- 1 Care homes and schools**  
Planning for local outbreaks in care homes and schools (e.g. defining monitoring arrangements, potential scenarios and planning the required response)
- 2 High risk places, locations and communities**  
Identifying and planning how to manage high risk places, locations and communities of interest (e.g. defining preventative measures and outbreak management strategies)
- 3 Local testing capacity**  
Identifying methods for local testing to ensure a swift response that is accessible to the entire population (e.g. defining how to prioritise and manage deployment, examples may include NHS, pop-up etc).
- 4 Contact tracing in complex settings**  
Assessing local and regional contact tracing capability in complex settings (e.g. identifying specific local complex communities, developing assumptions to estimate demand and options to scale capacity)
- 5 Data integration**  
Integrating national and local data and scenario planning through the Joint Biosecurity Centre Playbook (e.g., data management planning, including data security, NHS data linkages)
- 6 Vulnerable people**  
Supporting vulnerable local people to get help to self-isolate (e.g. facilitating NHS and local support, identifying relevant community groups etc) and ensuring services meet the needs of diverse communities
- 7 Local Boards**  
Establishing governance structures led by existing Covid-19 Health Protection Boards in conjunction with local NHS and supported by existing Gold command forums and a new member-led Board to communicate with the general public

# Cumbria's Plan

- Part 1: Overview, strategy and governance
- Part 2: Detailed operational response
  - Both published 30 June; describe the live operational system but open for consultation to improve the local response
- Part 3: Contact details for key settings
  - Being finalised, not for publication

# Performance (to 30 June)

- 139 index cases contacted
- 239 contacts traced and advice given
- 30 incidents addressed and closed through Incident Management Hub
- Nine open incidents actively being followed up
- Down to two care home outbreaks
