SOUTH LAKELAND CHILDREN AND YOUNG PEOPLE’S WORKING GROUP

1.0 EXECUTIVE SUMMARY

1.1 This report provides information and offers recommendations for approval by South Lakeland Local Committee from the Children and Young People’s Working Group meeting held on the 3rd March 2014.

2.0 STRATEGIC PLANNING AND EQUALITY IMPLICATIONS

2.1 Improved locality working is one of the ways the council is delivering on its priorities. The county council vision, included in the draft Council Plan, sets out that ‘to be an effective and efficient organisation that delivers the best possible services for the people of Cumbria within its available resources, protects the most vulnerable, and works with others in the community to shape services and help find solutions for the future.’ The approach and work of the Children and Young People’s Working Group contributes to this vision.

2.2 The 0-19 funding is available for Local Committees to allocate within their areas to support positive outcomes, targeted and mainstream, designed to improve outcomes for children and young people and reduce inequalities. This funding can be targeted to initiate new activity or to enhance/compliment existing provision according to locally determined need.

2.3 Guidance agreed by Cabinet stats that in allocating these funds, councillors should satisfy themselves that projects address at least one of the following criteria:

   Provide access to play, recreational, leisure or outdoor activities

   Provide access to care or educational activities
Provide access to safe and enjoyable places for children and young people to go

Provide access to holiday, weekend or out of school activities

Enable children and young people’s involvement and participation eg forum, youth council, engagement, empowerment, decision making

Support children and young people to take part in volunteering or community action

2.4 The South Lakeland Area Plan sets out the four targeted priorities for the area, which are Health and Well-Being, Education and Skills, Economic Development and Transport, and details how the Council is delivering its services in support of them.

2.5 Local Committee is mindful of equality issues and duly considers that its actions and decisions do not result in inequality of service provision or exclusion from participation. The work of Local Committee directly supports the Council’s wider equalities agenda.

3.0 RECOMMENDATION

3.1 That Members note the work of the Children and Young People’s Working Group as set out at Appendix A.

3.2 That the fares for the A2B Now scheme are increased from the 1st April 2014 to £1.80 single and £3 return, Appendix C.

3.3 That an amount of £300 be awarded to the ASDAN project for Children Looked After from the 0-19 Budget, Appendix D.

3.4 That an amount of £500 be awarded to the Springfield Charity from the 0-19 Budget towards the cost of delivering further training and awareness sessions in the remaining 6 secondary schools in the district. Appendix E.

3.5 That an amount of £500 be awarded to the Kirkbarrow Residents Association from the 0-19 Budget towards the cost of replacing dangerous play equipment in the local playground, Appendix F.

3.6 That an amount of £500 be awarded to the Kendal Hornets Under 10s from the 0-19 Budget towards the cost of travel, Appendix G.

3.7 That an amount of £1000 be awarded to the Lowick Young Farmers Club from the 0-19 Budget towards their field day event, Appendix H.
3.8 That the remaining funds within the 0-19 budget (£68) be allocated to the A2B Now Scheme.

4.0 BACKGROUND

4.1 Attached at Appendix A are the minutes of the Children and Young People’s Working Group held on the 3rd March 2014, which together with the additional appendices, provide further information in support of the above recommendations.

5.0 OPTIONS

5.1 Members may decide not to support the above recommendation but must note that this would impact on the level of support provided to vulnerable children and young people in the area.

6.0 RESOURCE AND VALUE FOR MONEY IMPLICATIONS

6.1 The 0-19 Youth budget has an available balance of £2,603 and the 0-19 Services has an available balance of £265.

6.2 Should the recommendations totalling £2,800 be approved this would leave an available amount of £68 which is to be vired into A2B in the Youth Transport Budget line

6.3 The recommendation in 3.3 should be shared between 0-19 Services and 0-19 Youth as £265 in Services and the remaining £35 of the £300 recommendation in 0-19 Youth.

LEGAL IMPLICATIONS

7.0 The Local Authority is authorised to accept the recommendations in this report and there are no specific legal implications arising.

8.0 NCONCLUSION

8.1 In creating the Children and Young People’s Working Group, Members in their community leadership role are able to contribute to, inform and influence the work of the Children’s Services in the local area.

34 SOUTH LAKELAND YOUTH COUNCIL UPDATE

The first copy of the BLINK Magazine was published in January and all the articles were written by young people. The Magazine received positive feedback and the second edition is now in the process of being produced.

The Annual General Meeting was held in January and had great attendance. More people who wanted to join the Youth Council came forward and people were made aware of what the Youth Council does.

The Big Sleep event that was organised by Cumbria Community Foundation took place on 15th February and some of the Youth Council slept out as part of this.

The Youth Council currently struggle with receiving responses from head teachers within the Schools, some of the County Councillors are governors at the schools so are to help with this matter.

The Youth Council are to let Karen Johnson know of any issues they are facing and she will direct them to the correct place.

AGREED that the report be received

35 CHILDREN IN CARE COUNCIL

Graham Bassett gave a brief update. The aim is to make young people have a stronger voice and they are aware that not all young people in care are being reached.

South Cumbria’s first meeting is at Barrow Youth Centre and community transport will be used for the journey there and back.

AGREED that the report be received

36 YOUTH SERVICES

The Working Group had before it a copy of The Wedge. The idea is to work with young people and move them down the wedge where things get cheaper and to prevent the young people from going back up the wedge where it is more expensive.

Members of The Working Group are to take the document away and have a look at the priorities over 4-6 weeks and then bring back to Graham Bassett.
Graham Bassett is to get the figures which are purely for the South Lakeland area and also to check if schools are involved.

**AGREED** that the report be received

### 37 0-19 BUDGET UPDATE

Karen Johnson explained that there is £2,868 remaining with requests coming in for £2,800.

It was agreed at the last Strategic Planning Working Group that next year’s allocation for the 0-19 Working Group will be £87,000. Currently, the A2B now scheme takes at least £85,000 of the budget.

**A2B Now** – Cheryl Cowperthwaite presented the A2B Now Card Progress Report for February 2014 to The Working Group. The figures for the A2B now are not expected to go down when services are withdrawn.

There has been an overspend and it was recommended that Local Committee find some funding to cover this.

It was agreed that the letter cannot go out at this stage. Cheryl Cowperthwaite is to speak to the bus companies to ask them to keep honouring the cards for the time being. Cheryl is to go back and speak to her team about getting some figures together on what is needed to make the scheme work.

It was agreed that the scheme will be committed and will be reviewed in September but the fees will increase to £1.80 for a single journey and £3 for the return journey. The scheme will then be reviewed and the current financial position be explained.

**RECOMMENDED** that the fees be increased from 1st April 2014 to £1.80 for a single journey and £3 for a return journey

### 38 0 - 19 GRANTS

Consideration was given to five grant applications to the 0-19 budget.

**RECOMMENDED** that the following grant applications to the 0-19 budget be approved:

(a) £300 to Barrow & South Lakeland Children Looked After and Leaving Care Team towards enhancing the ASDAN project which has been launched in Barrow & South Lakeland;

Plan for the delivery of Children in Care Councils across Barrow and South Lakeland

South Cumbria Children in Care Council

This is a summary document to develop the Children in Care Councils (CiCC) in Barrow and South Lakeland. This proposal will be presented to the children and young people who are in care across South Cumbria to develop. The aim is to start this way of working by consulting young people in January 2014 and if in agreement to start with a South Cumbria CiCC in February 2014.

AIM
The aim of this group is to:
- lead on setting and delivering the priorities for CLA
- ensure CLA young people from across South Cumbria have a say in requested consultations
- to plan and deliver the activities

MEMBERSHIP
This group will be made up of Looked After children and young people from Barrow and South Lakeland.

HOW THIS GROUP WILL WORK
This group will be run and led by the young people. They will be supported by the Access and Engagement Team, Children’s Services. The South Cumbria CiCC will work across South Cumbria and strategically set its priorities, consultations, activities and events and ensure they are delivered. The actual work of the South Cumbria CiCC group will be delivered by ‘working groups’.
This group will bring together and feedback all the information required for groups such as Cumbria CiCC, regional groups, consultations, requests from CCC etc.

WORKING GROUPS
There will be two regular and on-going working groups based in the districts of Barrow and South Lakeland and will be made up of young people from these two areas. These two groups will be the main delivery arm of the South Cumbria CiCC. The other recommendation for a regular working group will be planning and delivering the Newsletter.

The rest of the working groups will be set to deliver the priorities and projects specified by the South Cumbria CiCC. These groups will not be geographically dependant but for ease of delivery they have the option of recruiting young people from the two districts.
NEWSLETTER
Information and updates on the progress of the South Cumbria CiCC will be provided by regular newsletters. This will be aimed at all looked after children and young people who live in South Cumbria. The Newsletter will be led and delivered by young people.

FREQUENCY OF MEETING
This South Cumbria CiCC group will meet four times per year on a Saturday. The times will depend on the agenda.
Two of the meetings will take place at least four weeks before the County CiCC. The other two are flexible depending on the programme set by the young people.

The Barrow and South Lakeland Working Groups will take place regularly dependent on the groups workloads.
The rest of the Working Groups will take place as required and tend to be short term groups.

WHERE
Cumbria CiCC meetings will alternate between Barrow and South Lakeland. Young people have the option to hold meetings at other venues depending on the agenda. For example the agenda could be built around venues that host activities such as a theatre and drama, sports, arts and cultural.

PILOT PROJECT REVIEW
Progress of this pilot program will be reviewed in April and August 2014.

At the last meeting of the Children & Young Persons Working Group some proposals to reduce the costs of the scheme were discussed and were agreed by South Lakeland Local Committee following the meeting that with effect from 1 April 2014:

a. The fare will be increased to £1.10 single fare and £2.00 return fare.

b. The cost of joining the scheme will be increased to £7.50 per card.

The publicity in respect of the scheme will need to be amended in advance of 1 April 2014 provided that funding for A2B is confirmed for the next financial year. In addition changes will be made to the website. It is proposed that a letter is enclosed with the new cards giving information regarding the new charges to existing cardholders.

The transport operators will need to be contacted to advise them of the revised fares and the Library Service in respect of the cost of the cards.

Stagecoach have been contacted again to ask them to consider reducing the cost of the reimbursement rate as requested towards the end of last year.

Cumbria County Council have funded the registration of Barrow and South Lakes CLA and Leaving Care team as an ASDAN centre and have agreed to fund the booklets necessary for young people to complete ASDAN modules, however, if there were additional funding available to enable Leaving Care Support workers to do activities as part of the ASDAN programme, e.g. actually go out and purchase the foodstuffs to make a specific meal they have researched and budgeted for as part of completion of particular modules; this would not only increase their chances of engagement for the young person but would also enhance their learning and promote the longer term benefits.

APPLICATION REPORT

**Application Summary**
Springfield is an independent charity which was established in 1915 to support vulnerable women in the South Lakes area. Currently the organisation houses seven women who have been affected by or are fleeing from domestic abuse/violence. Support is offered in the short term for a period of up to two years in supported accommodation. Residents are supported by professional staff that teach and promote recovery from abuse.

A training and awareness raising session for local agencies and organisations around the impact of domestic violence has been delivered to year heads and pastoral staff at the Queen Katherine School, Kendal. The session was positively received by the participants and Springfield are keen to expand upon this.

Funding has been provided by the South Lakes Community Safety Partnership and a shortfall of £500 is required to deliver a half day session to the six secondaries in the district. The sessions will not only benefit those school students who are witnesses or victims of domestic abuse and violence but also empower staff and fellow students to provide support and understanding around this issue.

**Strategic Fit**
This project fits with the County Council’s “aspirations for Cumbria” as identified in the Council Plan 2011 – 2014 under the following theme:

**For Children & Young People:** We want Cumbria to be a great place to be a child and grow up in; a place of opportunity where young people are able to live happy and productive lives.

Ensuring vulnerable people receive the support they need

South Lakeland Area Plan

The project will contribute towards the Health & Wellbeing Priority – as domestic violence has a well documented major impact on the health & wellbeing of children who are witnesses of
domestic abuse.

**Match with Criteria & Local Committee Priorities**

The project will contribute towards achieving the Local Committee 0-19 priorities as follows:

- *Providing access to care or educational activities*
- *Enabling children and young people’s involvement and participation e.g. forum, youth council, engagement, empowerment, decision-making*

**Breakdown of Project Costs** (supported by estimates)

- Preparation/ delivery and debrief per session:
  - Women’s support worker – 6 hours @ £8.50
  - Women’s support manager – 6 hours @ £11.88
  - Total = **£122.56**

- Per session discussion with school and evaluation 2 hours @ £11.88 = **£23.76**
- Fuel Costs per session - **£12**
- Printing and Materials - **£30 per session**
- Programme Development - **£61.68**

**Total Session Cost = £250 X2 = £500**

**Details of Match Funding** (where necessary)

- South Lakeland Community Safety Partnership - £1,500

**Officer Evaluation / Recommendations:**

The project will address several of the 0-19 priorities and this initiative is currently the only one within the South Lakes area to tackle such an issue. The majority of funding has already been secured so any match funding obtained would ensure delivery of this worthwhile and much needed project.
