

THORNTON ROAD FORMAL CONSULTATION

APPENDIX 5

**10 objections and 1 comment received**

| Occupier    | Address        | Comments/Objections  | Officer comments   | Recommendation   |
|-------------|----------------|--|--|--|
| 1. Resident | Roseberry Road | Do not object to the extension of Double yellow lines but is concerned that there will be a knock on effect on parking.  | Request for investigation in to nearby roads, not directly impacting on this proposal  | Recommendation- Overrule and implement the proposal as advertised. |
| 2. Resident | Thornton Road  | Object to introduction of double yellow lines. They weren't considered necessary for planning. Traffic volume hasn't increased since the development was completed. Parking has increased since the development and DYL will reduce available parking. Already a white line. | Now the development is completed it has become clear some vehicle movements are difficult due to parked vehicles close to the junction. There will not be a big impact on parking space. | Recommendation- Overrule and implement the proposal as advertised. |
| 3. Resident | Thornton Road  | Object to the DYL. Residents had concern over the development at planning stage. Thornton Court residents park on thornton road taking up space- these lines would reduce available parking. It should have been considered at the planning stage.                           | Now the development is completed it has become clear some vehicle movements are difficult due to parked vehicles close to the junction. There will not be a big impact on parking space. | Recommendation- Overrule and implement the proposal as advertised. |
| 4. Resident | Thornton Road  | Object. Parking was difficult before Thornton Court was built now its worse. Cant see why it is necessary.   | Now the development is completed it has become clear some vehicle movements are difficult due to parked vehicles close to the junction. There will not be a big impact on parking.       | Recommendation- Overrule and implement the proposal as advertised. |
| 5. Resident | Thornton Road  | Object, 18 m double yellow lines will make parking worse. People should be encouraged to use respect and common sense.   | The DYL will not be as long as the resident is suggesting (9m not 18m) so will not cause a great impact on parking availability.   | Recommendation- Overrule and implement the proposal as advertised. |

|                |                  |  |  |  |
|----------------|------------------|--|--|--|
| 6.<br>Resident | Thornton<br>Road | Object- don't think DYL are necessary-<br>vehicles exit the junction slowly already.<br>It was fine when it was used by a<br>plumbing business exiting the junction. | Now the development is completed it<br>has become clear some vehicle<br>movements are difficult due to parked<br>vehicles close to the junction. | Recommendation-<br>Overrule and implement the proposal as<br>advertised. |
| 7.<br>Resident | None<br>supplied | Object- don't think the DYL are necessary.<br>Drivers should proceed with caution.   | Now the development is completed it<br>has become clear some vehicle<br>movements are difficult due to parked<br>vehicles close to the junction. | Recommendation-<br>Overrule and implement the proposal as<br>advertised. |
| 8.<br>Resident | Thornton<br>Road | Object- it is a quiet street that would be<br>marred by DYL.   | Now the development is completed it<br>has become clear some vehicle<br>movements are difficult due to parked<br>vehicles close to the junction. | Recommendation-<br>Overrule and implement the proposal as<br>advertised. |
| 9.<br>Resident | Thornton<br>Road | Object- No indication of DYL on planning<br>application. Worked well as it is for<br>plumbers business for years,  | Now the development is completed it<br>has become clear some vehicle<br>movements are difficult due to parked<br>vehicles close to the junction. | Recommendation-<br>Overrule and implement the proposal as<br>advertised. |
| 10.            | None<br>supplied | Object- Double yellow lines unnecessary.<br>Speeds are very low as it is narrow.<br>There are already advisory lines that<br>people adhere to.                       | Now the development is completed it<br>has become clear some vehicle<br>movements are difficult due to parked<br>vehicles close to the junction. | Recommendation-<br>Overrule and implement the proposal as<br>advertised. |
| 11.            | None<br>supplied | Object as providing double yellow lines<br>will decrease parking- n one parks<br>directly on the junction so they are<br>unnecessary.                                | Now the development is completed it<br>has become clear some vehicle<br>movements are difficult due to parked<br>vehicles close to the junction. | Recommendation-<br>Overrule and implement the proposal as<br>advertised. |
