

COUNTY COUNCIL LOCAL COMMITTEE FOR BARROW

Meeting date: 15 November 2021

From: Executive Director – Economy and Infrastructure

DEVOLVED HIGHWAYS CAPITAL AND REVENUE UPDATE 2021/22

1.0 EXECUTIVE SUMMARY

1.1 *This report presents the Highways Revenue and Devolved Capital and Non-Devolved Capital Budget finance reports and updates members as to current progress on these budget lines as detailed in the attached appendices.*

2.0 STRATEGIC PLANNING AND EQUALITY IMPLICATIONS

2.1 *This Committee's devolved 2020/21 Cash Limited Budget was determined by the County Council in February 2020. The Local Committee is able to vire funding between budget lines during the course of the financial year, subject to Corporate Policy and Service Standards. The Committee is not able to vire funding from capital budgets into revenue budgets.*

2.2 *The original Devolved Highways Revenue budget is £793,576.*

2.3 *The original Devolved Highways Capital budget is £991,000.*

2.4 *The original Devolved Highways Additional Pothole Repairs Capital budget is £728,000.*

2.5 *Carry forward of the under or accelerated spend during 2019/20 was approved at a meeting of full Council in June 2021 This has had the effect of altering the Revenue and Capital budget lines as follows;*

2.6 *Devolved Highways Revenue budget is now £883,064*

2.7 *Devolved Highways Capital budget is now £1,158,000*

2.8 *The revised Devolved Highways Additional Pothole Repairs Capital budget is £802,000*

3.0 RECOMMENDATION

- 3.1 *That Local Committee note the revenue and capital budget allocations for 2020/21 and the commitments and expenditure recorded to the end of January 2021 and shown in Appendices 1, 2 and 3.*

4.0 BACKGROUND

- 4.1 The latest Devolved Highways Revenue budget for 2020/21 is £883,064 Forecast outturn figures and comments on programmed progress are shown in Appendix 1.
- 4.2 Works ordered against the revenue budget are delivered through a combination of the in-house workforce for Better Highways and Street Lighting activities, and a mixture of in house teams and external contractors for drainage cleansing, verge maintenance, road markings and traffic signals maintenance. We are currently predicting an underspend of £10,010 on this budget but the Network Management Team will look to manage these costs against remaining schemes wherever possible.
- 4.3 The latest Devolved Highways Capital budget allocation for 2020/21 and additional allocations is £1,158,000. Forecast outturn figures and comments on programmed progress are shown in Appendix 2. Currently we are forecasting an accelerated in this budget line of £7,000 but intend to scrutinise remaining works to manage costs as we progress through the financial year.
- 4.4 Works ordered against the devolved highways capital program are delivered through a combination of in-house construction teams and external framework contractors, notably for machine-laid road surfacing work and surface dressing.
- 4.5 The DFT pothole fund for year was devolved to Local Committee by Council when approving the original budget for the year and is also shown in Appendix 2 the current budget is £802,000. A number of schemes are sat within this budget and we are currently forecasting an underspend of £10,000.
- 4.6 Part of the highways capital programme uses budgets which are not devolved to this committee. These programmes include works on the Principal Road Network, Engineering Safety Schemes, Priority Transport Improvement Schemes, and Bridges and Structures. The current budget is £459,904. Forecast outturn figures and comments on programme progress for the non-devolved budget programmes are shown in Appendix 3.

5.0 OPTIONS

- 5.1 This Committee may decide to vire money between budget headings. The Committee is not able to vire money from capital budgets into revenue budgets.

6.0 RESOURCE AND VALUE FOR MONEY IMPLICATIONS

- 6.1 The report gives an update on progress with delivering agreed schemes using the Highways resources devolved to Local Committee. However, there are no direct resource implications arising from the recommendation to note this report.
- 6.2 It is for Local Committee to allocate resources within the devolved revenue and devolved capital budgets to specified programmes of Highways work subject to Corporate Policy and Service Standards (paragraph 5.1). Any changes in allocation that Local Committee may agree should have regard to remaining within the overall revenue and capital budgets devolved to Local Committee (paragraph 5.1).

7.0 LEGAL IMPLICATIONS

- 7.1 There are no direct legal implications arising from this report.

8.0 CONCLUSION

- 8.1 At this stage, the devolved Highways Revenue budget is forecasting a small underspend. The devolved Capital budget is forecasting an underspend at the financial year end. The Local Highways Team are working to manage this underspend and undertake additional works wherever possible. It is expected that the full programme of capital works can be delivered by the end of the financial year.
